AHIC(W)-D-5
15 January 1954AD HOC IAC COMMITTEE (WATCH)
Work Sheet re Working GroupTentatively approved at meeting of 8 January 1954

- a. arrange with the IAC agencies for a systematic screening of all intelligence information received by them by any means for the purpose of promptly extracting, evaluating where appropriate, and forwarding to the Indications Center all information which may contain indications of Soviet/Communist intentions as set forth in C,2 above.
- b. continuously screen all pertinent intelligence information received by all IAC agencies for indications relating to the Watch Committee mission.
- c. develop promptly an early evaluation and analysis of each indication in coordination with the intelligence agency or agencies best qualified to deal with the field of intelligence to which the indication belongs.

To be considered at meeting of 15 January 1954

- d. maintain in readily usable form a complete and integrated file of all available intelligence indications of Soviet-Communist preparations for attack.
- e. maintain wall maps, charts and other display material which will most effectively illustrate and interpret graphically the current situation and long-range trends with respect to Soviet-Communist preparations for offensive action.
- f. coordinate with the individual members of the Watch Committee the selection of indications for consideration by the Committee in regular and special meetings.
